

MOHAWK V1244

V12 3D
LOGO.jpg

Built to last - these Vintage leather boots look better every time you wear them. With brassed lacing system, contrasting heavy duty stitching and the traditional sewn-on sole. The difference is in the comfort, from the deep padded collar and soft suede tongue to the footbed with dual shock absorbing pods. These boots will become old friends.

CE SPECIFICATION

EN ISO 20345:2004 SBP

UPPER

Full grain 'Vintage' cow hide leather - durable, water resistant and breathable. Heavy duty triple stitching & brassed lace system. Soft, comfortable padded collar. Ankle support with impact protection.

LINING

Airtex® moisture wicking, highly breathable lining - cooler in summer but warmer in winter.

FOOTBED

Full length, removable footbed with Poron® shock absorbers and arch support. Additional heel-shock layer underneath footbed offers unmatched comfort.

TOECAP

Wide fitting corrosion resistant steel. Resistant to impact of 200 Joules.

PROTECTIVE MIDSOLE

Flexible steel.

SOLE

Goodyear welted rubber sole. Heat resistant to approximately 300°C. Abrasion and slip resistant to latest European standards. Powerflex™ sole - excellent flexibility and anti-fatigue properties. Oil, acid, alkali and hydrocarbon resistant.

SIZE RANGE

39 (6) - 47 (12)
